

CARAVELLE®

1 9 9 3

*A*s the sun burns away the early morning mist, you launch your boat at your favorite spot on the lake. As you idle out into the channel, you feel the rewards of doing your homework. By reading the articles, examining the boat tests, and studying your options, you knew what you were looking for. As you smoothly accelerate to a cruising speed, you feel a strong sense of satisfaction because you know you made the right choice.

Your new Caravelle boat. ▲

*T*he expressive styling first attracted you, the superior craftsmanship impressed you, and the outstanding value convinced you. You experience a sense of excitement as you continue to accelerate to a pulse quickening speed. The responsive performance is exhilarating, and the day passes much too quickly.

Maybe you will take a vacation next week. ▲

CARAVELLE. ▲ 1993

*B*alance is important in a boat: design, performance, craftsmanship and value. Balance among these, coupled with luxury and excitement, creates a boat that exceeds expectations. Caravelle Boats has been designing and building balanced boats since 1966 with only you, our customer, in mind. ▲

*Q*uality and dependability are paramount at Caravelle. Each boat is constructed to stringent specifications and goes through inspections of over one hundred checkpoints. With this commitment to produce quality boats, Caravelle has received praise from boat publications around the world and has won numerous awards for design and excellence in boating. ▲

*C*hoice is important at Caravelle. You want the chance to be yourself and choose a boat that reflects your personal expression. While others may want to limit your options, Caravelle offers several color choices, power options, and seating arrangements to satisfy your individual needs. ▲

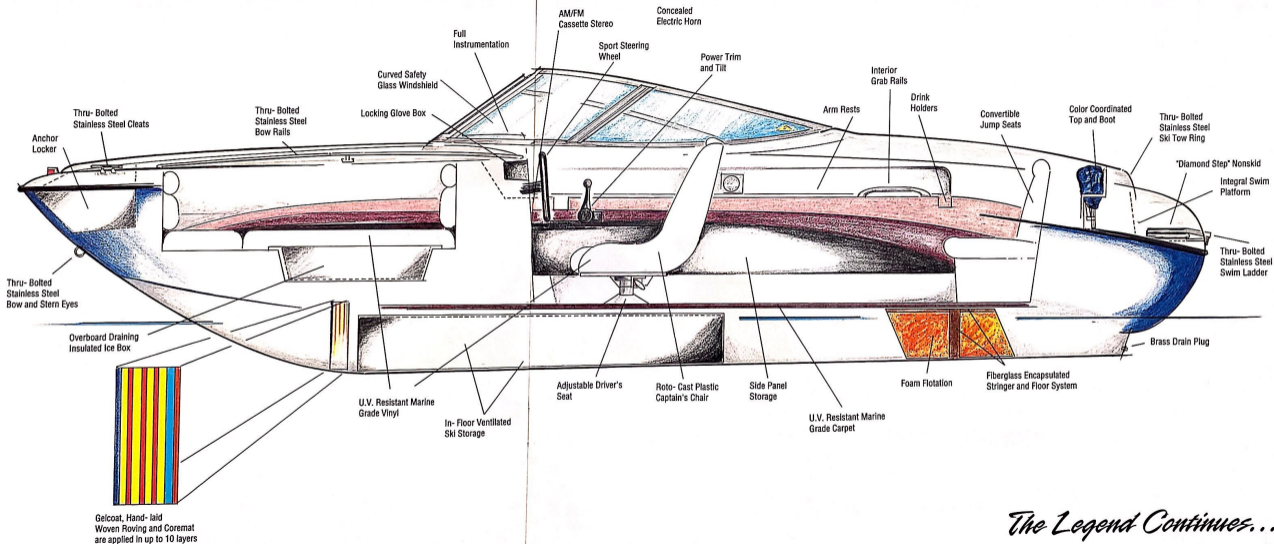

*T*here is a Caravelle that is an expression of you. Designed to capture your attention and your emotions, a Caravelle boat gives you the freedom to discover unequalled boating excitement. We invite you to experience the excitement of Caravelle. ▲

Caravelle Boats combines a unique sense of style with quality and performance that is sure to thrill you. Attention to detail and advanced styling offer pure boating enjoyment while reawakening the senses. Built upon a quarter-century of quality manufacturing, Caravelle proudly expands this tradition of excellence with the introduction of the new Legend series. Allow yourself to become a part of the Legend.

The Legend Begins...

Caravelle boats has a strong commitment to quality and dependability. This commitment begins with the original concept and design, continues throughout the handcrafted construction, and extends to the final inspection. Quality assurance at Caravelle is motivated by our desire for customer satisfaction and our five year structural warranty guarantees it.

The Legend Continues...
