ARAVELLE 

CARAVELLE FEATURES

Caravelle's advanced designing is not only illustrated in its high standards of quality and performance but in newly designed features that offer a Caravelle owner pleasurable convenience. Special note is to be given to the side switch panel with open storage compartment; fiberglass swim platform with grab rails; and under-floor storage. The following is a list of items of the standard equipment on most of Caravelle's models.

Walk-through windshield with tinted safety glass

Bow storage

Stern ladder on Shark

Under floor storage

Canvas package—top, bow, stern and side

Side switch panel with open storage compartment

Swim platform and grab rails

SS-CIV-22

WAHOO

STANDARD FEATURES:

Deep-V steplift hull • Approved foam flotation • Positive mechanical steering • Running lights • Custom instrument panel • Electric bilge pump and blower • Oriental teakwood trim • Forward rails • Cuddy cabin with two full-size berths • Installed marine head • Cabin light • Forward hatch • All weather marine carpet • Tinted safety glass windshield • Helmsman seat • Camper canvas top (optional) • Reclining lounge seat • Upholstered aft seats • Underfloor storage • Fully upholstered, padded vinyl interior • Aft rails • Aft boarding ladder • Teakwood swim board • Molded-in top storage compartment • Convertible top on slide track with side and aft curtains and boot • Stainless steel bow eye and ski pulls.

SPECIFICATIONS:

Gunwale length 21'2"
 L.O.A. 20'9"
 Beam 95"
 Approximate weight . . . 3,500 lbs.
 Molded depth 57"
 Cockpit depth 37"
 Built-in fuel capacity . . . 60 gal.
 Maximum horsepower . . . 225 hp.

SS-CIT-20

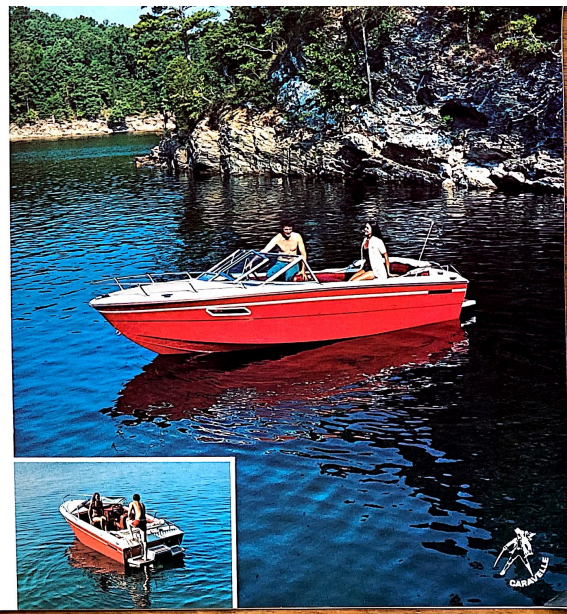

POMPANO

STANDARD FEATURES:

Deep-V cathedral hull • Approved foam flotation • Positive mechanical steering • Running lights • Starboard switch panel with open storage • Dash compartment with lock • Electric bilge pump and blower • Forward rails • Bow storage • Forward cockpit with molded seats, cushions and canvas cover • Walk-through windshield with tinted safety glass and anodized frames • Reclining lounge seats with under-seat storage • Underfloor storage • Upholstered aft seats with storage • Fully upholstered padded-vinyl interior • Molded in top storage compartment • All-weather marine carpet • Aft rails • Grab rails and fiberglass swim platform • Convertible top on slide track with side and aft curtains and boot • Stainless steel bow eye and ski pulls.

SPECIFICATIONS:

Gunwale length 21 ft., 2 in.
 L.O.A. 19 ft.
 Beam 90 in.
 Approx. weight 2,900 lbs.
 Molded depth 43 in.
 Cockpit depth 31 in.
 Built-in fuel capacity 36 gal.
 Maximum horsepower 225 hp.

SS-CIV-19

CHIMERA

STANDARD FEATURES:

Deep-V stepflift hull • Approved foam flotation • Positive mechanical steering • Running lights • Lighted instrument panel • Starboard switch panel with open storage • Electric bilge pump and blower • Dash compartment with lock • Forward rails • Pile fabric in cabin area • Two full size underdeck berths • Cabin windows • Walk-through windshield with tinted safety glass and anodized frame • Reclining lounge seats with under-seat storage • Underfloor storage • Aft storage compartment • Fully upholstered, padded vinyl interior • Upholstered aft seats • All-weather marine carpet • Convertible top on slide track with side and aft curtains and boot • Aft rails • Grab rails and fiberglass swimboard • Stainless steel bow eye and ski pulls.

SPECIFICATIONS:

Gunwale length 19'4"
 L.O.A. 18'4"
 Beam 90"
 Approximate weight 2,600 lbs.
 Molded depth 52"
 Cockpit depth 30"
 Built-in fuel capacity 24 gal.
 Maximum horsepower 225 hp.

SS-COV-19

CHIMERA

STANDARD FEATURES:

Deep-V stepflit hull • Approved foam flotation • Positive mechanical steering • Running lights • Dash mounted, lighted electric fuel gauge • Starboard switch panel with open storage • Dash compartment with lock • Aft folding table with drink holders • Forward rails • Pile fabric in cabin area • Two full size under-deck berths • Cabin windows • Walk-through windshield with tinted safety glass and anodized frames • Reclining lounge seats with under-seat storage • Underfloor storage • Aft storage compartment • Fully upholstered padded-vinyl interior • Upholstered aft seats • All weather marine carpet • Convertible top on slide track with side and aft curtains and boot • Built-in ice chest • Stainless steel bow eye and ski pulls • Aft boarding steps with handle.

SPECIFICATIONS:

Gunwale length 19'4"
 L.O.A. 18'4"
 Beam 90"
 Approximate weight . . . 1,800 lbs.
 Molded depth 32"
 Cockpit depth 30"
 Built-in fuel capacity . . . 24 gal.
 Maximum horsepower . . . 160 hp.

SS-CIT-18

BARRACUDA

STANDARD FEATURES:

Deep-V cathedral hull • Approved foam flotation • Positive mechanical steering • Lighted instrument panel • Starboard switch panel with open storage • Electric bilge pump and blower • Dash compartment with lock • Forward rails • Bow storage • Forward cockpit with molded seats, cushions and canvas cover • Walk-through windshield with tinted safety glass • Reclining lounge seats with under-seat storage • Under floor storage • Aft storage compartment • Upholstered aft seats • Fully upholstered padded vinyl interior • Molded in top storage • All weather marine carpet • Convertible top on slide track with side and aft curtains and boot • Stainless steel bow eye and ski pulls • Aft rails • Grab rails and fiberglass swimboard.

SPECIFICATIONS:

TRAILERS

Caravelle assures its customers of the highest quality color coordinated boat trailers available.

STANDARD MODELS

A new entry to the Caravelle line is our standard models with approved foam flotation, positive mechanical steering, navigational lights, all weather marine carpet, bow rails, all vinyl interior, glove compartment with lock, walk-through windshield with tinted safety glass and underfloor storage. Caravelle's standard line is designed for the budget conscious family offering the same quality construction as our Super Sport Model.

OPTIONAL: Canvas on O/B & I/O
Swimboard on I/O

CONSTRUCTION

Quality with prestige!

Caravelle's highest quality craftsmanship and material combined with the most efficient construction techniques, advanced engineering methods and strict quality inspections at every manufacturing operation assure you of the finest performing boat with long lasting durability and safety.

SAFE BOATING PRACTICES

Transport your boat at a moderate speed with top down and properly stowed • Secure walk-through door when trailering • Before launching, secure drain plug • Ventilate engine compartment for several minutes before starting engine • Carry a fire extinguisher, Coast Guard approved life vest for each passenger, rope, paddle and a flashlight • Do not smoke or use matches when fueling or checking engine • Be familiar and observe Coast Guard regulations and local laws.

Quality controlled gelcoat coating

Rugged hull reinforcement

Solid laminated sub-floor structure

Quality finish right out of the mold

Foamed in-place flotation installation

Efficient subassembly

ConveyORIZED assembly department

Experienced shipping department

Boat Owners Guide

CARE OF UPHOLSTERY & FLOORING—Clean with warm water and soap or detergent • No strong solvents

TOPPING MATERIAL—Clean with water and mild detergent • Rinse well • Dry thoroughly before stowing • Store in dry place

GELCOAT SURFACE—Clean with automobile detergent and water • Use good grade of automobile wax for surface maintenance • Weathered areas may be restored by light compounding and polishing • Damaged surface is repairable • See your dealer for instructions

ENGINE—Watch instruments while operating • Use only manufacturers recommended fuels and lubrication products • ALWAYS inspect engine compartment before operating to assure a dry bilge and no fuel leakage • Remove battery caps and disconnect terminal before charging battery • Never start engine when spilled gasoline is present

GENERAL TIPS—Remove drain plug from boat when trailering • Secure boat to dock or trailer with bow eyes and stern eyes or cleats— never use the other hardware items • Park trailer with boat in bow upright position for complete drainage of bilges

Warranty

Caravelle Boat Company warrants to the original purchaser each new hull and deck to be free from structural defects in material and workmanship under normal operating conditions for a period of one (1) year from date of delivery. To validate this warranty the registration card must be completed and returned to the factory within ten days after original purchase.

We will make all necessary repairs under this warranty free of charge at our factory or will authorize our dealer to make such repairs. Return transportation of any boat to the dealer or the Caravelle factory is to be paid by the claimant. All repairs are subject to authorization of factory trained personnel whose decisions will be final.

This warranty does not apply to: (1) engines, outdrives, controls, batteries, instrumentation, or other equipment or accessories carrying their own individual warranties (appropriate adjustments to them being provided by their respective manufacturers); (2) installation of engines or accessories installed by others; (3) windshield breakage, gel coat cracks or crazing; (4) all canvas, vinyl, upholstery puncturing, plastics, fabric, and trim; (5) any Caravelle Boat which has been altered, overpowered, subjected to misuse, negligence or accident or used for racing purposes.

This warranty is expressly in lieu of any other expressed or implied warranty and all other obligations on the part of Caravelle Boat Company. Caravelle Boat Company neither assumes nor authorizes any other person to extend any other warranty or to assume for it any liability in connection with Caravelle boats.

Caravelle boats contain flotation material; however, there is NO boat that is unsinkable. Therefore, personal flotation devices should be carried for each passenger in accordance with U. S. Coast Guard requirements.

Caravelle reserves the right to make price adjustments without notice, or to make changes in colors, equipment, materials, and/or to discontinue models. If substitutions become necessary, Caravelle reserves the right to do so without incurring the obligation to equip or modify boats built prior to that date.
