Experience the Excitement!

Inspired design... Advanced engineering... A dedication to quality and reliability throughout our entire organization... From concept to completion, we have endeavored to provide our customer with a boat that not only meets... But exceeds expectations.

There is a Caravelle that is a reflection of you. It will capture your attention and your emotions. It will provide you the freedom to discover unequalled boating excitement. We invite you to experience the excitement of Caravelle.

**CARAVELLE**

The first Caravelles, introduced in 1966, established Caravelle as an industry leader of quality and value. Although technology and styling have changed over the past twenty-eight years, the goals remain constant.

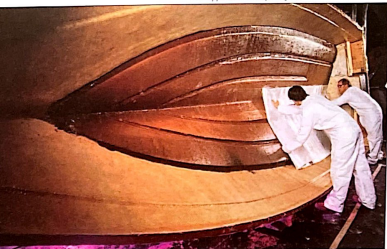

Design a boat with expressive styling. Engineer a boat with outstanding performance. Produce a boat with superior quality. Provide our customer the best value.

Our Goals Remain Constant

Hand-laid woven roving and coremat are pattern cut and applied in multiple layers.

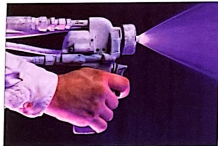

All canvas and interiors are handcrafted in house to maintain quality assurance throughout the entire manufacturing process.

Captain's chair and lounge seat frames are made of durable plastic and covered in U.V. resistant expanded vinyl.

Stainless steel fasteners are thru-bolted and reinforced for maximum strength.

Custom blended gelcoat is applied to precise specifications by skilled craftsmen.

All power plants are installed with precise measurements for optimum performance.

Our Commitment to Quality and Dependability

This commitment begins with the original concept and design, continues throughout the handcrafted construction, and extends to the final inspection. Quality assurance at Caravelle is motivated by our desire for customer satisfaction, and our Five Year Structural Warranty guarantees it.

 CARVELLE

1750 SE

Bow Rider

Specifications

Centerline	17'4"	5.28m
Beam	85"	2.16m
Max. Engine	181cid	3.0 liter
Weight (approx.)	2000 lb	904 kg
Fuel Capacity	20 gal	78 liter

Standard features pg. 26.

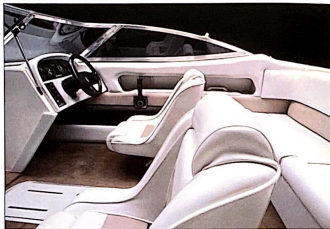

The 1750 SE is loaded with features you might not expect to find in a comparably sized runabout. This model offers a large bow rider area with full-length stainless steel bow rails. An overboard draining ice box, in-floor ski locker, and numerous other compartments provide generous storage.

Specifications

Centerline	19'0"	5.79m
Beam	92"	2.34m
Max. Engine	305 cid	5.0 liter
Weight (approx.)	2400 lb	1085kg
Fuel Capacity	30 gal	117 liter

Standard features pg.26.

In addition to good looks and abundant standard features, the all new 1900SE delivers outstanding performance that will surprise you. Available with several seating, color, and engine options, this popular size boat is an excellent choice for all around fun.

1900 SE

Bow Rider

1750 & 1900

Fish and Ski

With the fish and ski series, it is like buying one boat and getting another one free. These boats are not only well equipped fishing boats, but also excellent family ski boats. Finally, the best of both combined into one outstanding boat.

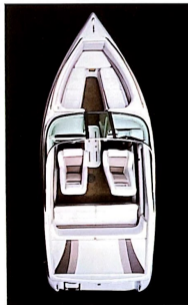

Specifications	1750		1900
